Flooding in Yatala

## SEVERE TROPICAL CYCLONE DEBBIE RECOVERY

More than 1,000km to the south of where STC Debbie crossed the coast, the Logan and Scenic Rim regions received heavy rainfall and the Albert River and Logan River both burst their banks. Severe damage was sustained to properties, businesses, roads and bridges.

Logan City Council reported that 111 roads closed for up to five days and 12 roads were severely damaged. Alan Wilkie Bridge and Chardon Bridge were cut and 15,000 properties were without power for up to a week. At least 38 homes were left uninhabitable and approximately 200 properties were inundated above habitable flood levels. Nearly 50 businesses were directly inundated and 3,000 tonnes of green and hard waste was removed.

Scenic Rim Regional Council reported that more than 80 homes were damaged and farmers lost significant lengths of fencing. Beaudesert-Boonah Road and the Mount Lindesay Highway transport routes were cut for two days. Seven bridges and at least 350 local roads were damaged, impacting community connectivity and increasing isolation.
