Notes:

1. Figures are reported using the Australian Statistical Geography Standard (ASGS) Postcodes to Statistical Area Level 4 correspondences tables (Source: Australian Bureau of Statistics Cat. No. 1270.0.55.006). The Australian Bureau of Statistics reports that while there are issues with using Postcode to code data to the Australian Statistical Geography Standard (ASGS), it is possible to reasonably accurately code data to Statistical Area Level 4, as the quality of the coding indices at this level are deemed to be acceptable.
2. Payments figures incorporate applications that have been approved and paid to the applicant/s.
3. Applications figures incorporate all applications received under the relevant scheme.
4. Figures for regions are consolidated due to confidentiality issues.
