

Message from the Acting Under Treasurer

Queensland Treasury's Disability Service Plan 2021–22 outlines our commitment to achieving the best possible outcomes for Queenslanders with disability.

Our department's vision is a strong economy for all Queenslanders. Central to a strong economy is one in which all people can participate and benefit. Treasury achieves this by providing fiscal, economic and commercial leadership, and by delivering accessible services to Queenslanders.

The actions in this plan will ensure our policy solutions, services and systems are more inclusive of all Queenslanders. It also highlights our specialist contribution to the National Disability Insurance Scheme and the National Injury Insurance Scheme.

Queensland Treasury is committed to a coordinated whole-of-government approach for service delivery to people with disability to create real and lasting change.

Leon Allen

Acting Under Treasurer

Purpose and context

The *Disability Services Act (Qld) 2006* is a foundation for promoting the rights of Queenslanders with disability, their wellbeing and their participation in community life. This legislation requires all Queensland Government departments to have a Disability Service Plan (DSP). DSPs ensure agencies consider the Act's human rights and service delivery principles, and the government's policies for people with disability.

To deliver a coordinated whole-of-government approach, departmental DSPs are aligned to the State Disability Plan and the National Disability Strategy. The COVID-19 pandemic has caused the next iteration of the National Disability Strategy 2010-2020 (NDS) to be delayed. This important resource will be released once consultation can be completed.

To ensure the Queensland State Disability Plan and our DSP continues to align with, and contribute to, shared commitments under the NDS we have reviewed and refreshed our Disability Service Plan 2017–2020. We will deliver a three-year service plan aligned to a new State Disability Plan and National Disability Strategy by 30 June 2022.
